How to Earn Comped Cruises Through the Casino

*The beginner's roadmap to free cruises
through Royal Caribbean's Club Royale*

1 CLUB ROYALE BASICS How to Earn Points

SLOT MACHINES

- 1 point earned for every \$5 cycled through the machine
- Points include winnings you play through — not just money you bring
- Typically earn points faster than table games

TABLE GAMES

- Points are based on average bet size and time played
- Example: ~\$25 average bet = ~25 points per hour
- Tracked by the pit boss — make sure your card is swiped by the dealer

CRITICAL REMINDER

Always tap or insert your card before play.

KEY TAKEAWAY

Points are based on total play — not just money lost. Every dollar cycled counts.
